(The woman and Mother wisdom power, don't people underestimate this, thank you, Arvin)

Mother doesn't have any supra mind power but she has a 200 score of IQ. She ran away from her husband when she was pregnant, taking all her daughters with her. The reason of it is because she wants her kids not to get bad influences from their father. Moreover, she is also a very wise mother for her children.

Father has a supra power; His soul can move from one body to another easily. He sometimes enters the bodies of politician, high officer, artist, and many more. Inspector Alex is an inspector agent who is only interested in corruption cases. He is also a drug user.

Vania, she is a beautiful, excited, and cheerful girl. She is Shella's best friend who always encourages her. Something mysterious inside Vania will be revealed at the end of season.

Kemmy is a beautiful villain girl. She has the expertise to hypnotize people to enjoy things until she can get what she wants. She is one of the eternal enemies of the super sisters mind. She is not only having a strong power to hallucinate people, but also good in much kind of martial arts. And also, she is the best sniper as well. She becomes the right hand of the mysterious father because she loves him and being abused by him at the same time.

Rama is the type of men who is nerd, nice, and fun all at once. He is a librarian who falls in love with Shella, one of the super sisters' mind. He will become the super sisters' sidekick.

Andika is a transvestite who becomes the right hand of the super sisters' father. She/He has a special weapon which is an umbrella .

Atha is Sandra's lover who is wicked. He has bad intentions on Sandra and has the intention to hurt her. He looks perfect, yet he is apparently the drug dealers' boss.
